

NB916Pro

Full Netcom

Product Features:

- Platform Recording
- GPS Positioning
- Wi-Fi
- Clear Audio Quality
- Type-C Charging Port
- Base Station Positioning
- Nationwide Interoperability
- Professional Sound Tuning
- Environmental Noise Reduction
- Individual/Group/Broadcast Calls
- 1.77-Inch High-Definition Color Screen
- Smart Power Saving, Long-Lasting Battery Life

Established on 1988
Focus on two way radios

Specifications

Frequency Band	M12C-NA: FDD:1,2,3,4,5,7,8,12,13,17,66 TDD: 38,40,41n M12C-EU: B1/2/3/4/5/7/8/20/28/34/38/39/40/41	Operating Temperature Range	-20---+55℃
Rated Voltage	3.7V	Storage Temperature Range	-40---+85℃
Battery Capacity	3000mAh	TX Power	23 ± 2dBm
Dimension (without antenna)	112 × 52 × 29 mm	RF Sensitivity	-94dBm(10MHz)
Audio Frequency Power	≥500mW		

Standard Accessories

Antenna

Battery

Adapter

Charging Cable

Belt Clip

Strap
